| Artikelnummer                | ADP7182AUJZ-3.0-R7                                    |
| Hersteller                   | N/A                                                   |
| Beschreibung                 | IC REG LDO NEG 3V 0.2A 5TSOT                          |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2595 pcs Stock                                        |
| Spannung - Ausgabe           | -3V                                                   |
| Spannung - Eingang           | -2.7 V ~ -28 V                                        |
| Spannung - Aussetz (typisch) | 0.185V @ 200mA                                        |
| Supplier Device-Gehäuse      | 5-TSOT                                                |
| Serie                        | -                                                     |
| Reglertopologie              | Negative Fixed                                        |
| Verpackung                   | Tape & Reel (TR)                                      |
| Verpackung / Gehäuse         | SOT-23-5 Thin, TSOT-23-5                              |
| Betriebstemperatur           | -40°C ~ 125°C                                         |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Surface Mount                                         |
| Strom - Ausgabe              | 200mA                                                 |
| Strom - Grenze (min)         | 230mA                                                 |
