|-------------------------|------------------------------------------|
| Teilenummer             | MTXDOT-EU1-A00-1                         |
| Hersteller              | Multi-Tech Systems, Inc.                 |
| Beschreibung            | 868 MHZ LORA MODULE UFL/TRC              |
| Kategorie               | RF / IF und RFID > RF Transceiver Module |
| Teilstatus              | 2584 pcs Stock                           |
| Spannungsversorgung     | -                                        |
| Serie                   | MultiConnect® xDot™                      |
| Serielle Schnittstellen | I²C, SPI, UART                           |
| Empfindlichkeit         | -137dBm                                  |
| RF Familie / Standard   | General ISM < 1GHz                       |
| Protokoll               | LoRa™                                    |
| Leistung                | 14dBm                                    |
| Verpackung              | Bulk                                     |
| Verpackung / Gehäuse    | Module                                   |
| Betriebstemperatur      | -40°C ~ 85°C                             |
| Befestigungsart         | Surface Mount                            |
| Modulation              | -                                        |
| Speichergröße           | 256kB Flash, 32kB RAM                    |
| Frequenz                | 868MHz                                   |
| Datenrate               | -                                        |
| Strom - senden          | -                                        |
| Strom - empfangen       | -                                        |
| Antennentyp             | -                                        |
