| Teilstatus                        | 2622 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 4.5 V ~ 5.5 V                                 |
| Supplier Device-Gehäuse           | 40-PDIL                                       |
| Geschwindigkeit                   | 40/20MHz                                      |
| Serie                             | 87C                                           |
| RAM-Größe                         | 256 x 8                                       |
| Programmspeichertyp               | OTP                                           |
| Programmspeichergröße             | 8KB (8K x 8)                                  |
| Peripherals                       | POR                                           |
| Verpackung                        | Tube                                          |
| Verpackung / Gehäuse              | 40-DIP (0.600", 15.24mm)                      |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                             |
| Anzahl der E / A                  | 32                                            |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | -                                             |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | 80C51                                         |
| Connectivity                      | UART/USART                                    |
