| Hersteller                        | Micrel / Microchip Technology                 |
| Beschreibung                      | IC MCU 32BIT 512KB FLASH 64LQFP               |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2546 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 1.62 V ~ 3.6 V                                |
| Supplier Device-Gehäuse           | 64-LQFP (10x10)                               |
| Geschwindigkeit                   | 100MHz                                        |
| Serie                             | SAM4N                                         |
| RAM-Größe                         | 64K x 8                                       |
| Programmspeichertyp               | FLASH                                         |
| Programmspeichergröße             | 512KB (512K x 8)                              |
| Peripherals                       | Brown-out Detect/Reset, DMA, POR, PWM, WDT    |
| Verpackung                        | Tape & Reel (TR)                              |
| Verpackung / Gehäuse              | 64-LQFP                                       |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                             |
| Anzahl der E / A                  | 47                                            |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | A/D 11x10b, D/A 1x10b                         |
| Kerngröße                         | 32-Bit                                        |
| Core-Prozessor                    | ARM® Cortex®-M4                               |
| Connectivity                      | I²C, IrDA, SPI, UART/USART                    |
