Spezifikationen

|                              |                                                       |
|------------------------------|-------------------------------------------------------|
| Teilenummer                  | MIC5317-1.0YD5-T5                                     |
| Hersteller                   | Micrel / Microchip Technology                         |
| Beschreibung                 | IC REG LDO 1V 0.15A TSOT23-5                          |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2648 pcs Stock                                        |
| Spannung - Ausgabe           | 1V                                                    |
| Spannung - Eingang           | 2.5 V ~ 6 V                                           |
| Spannung - Aussetz (typisch) | 0.18V @ 150mA                                         |
| Supplier Device-Gehäuse      | TSOT-23-5                                             |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Fixed                                        |
| Verpackung                   | Tape & Reel (TR)                                      |
| Verpackung / Gehäuse         | SOT-23-5 Thin, TSOT-23-5                              |
| Betriebstemperatur           | -40°C ~ 125°C                                         |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Surface Mount                                         |
| Strom - Ausgabe              | 150mA                                                 |
| Strom - Grenze (min)         | 200mA                                                 |
