| Kategorie                 | Integrierte Schaltungen (ICs) > Embedded - DSP |
| Teilstatus                | 2534 pcs Stock                                 |
| Spannung - E / A          | 3.3V                                           |
| Spannung - Kern           | 3.30V                                          |
| Art                       | Fixed Point                                    |
| Supplier Device-Gehäuse   | 144-TQFP (20x20)                               |
| Serie                     | -                                              |
| Verpackung                | Tape & Reel (TR)                               |
| Verpackung / Gehäuse      | 144-TQFP Exposed Pad                           |
| Betriebstemperatur        | -40°C ~ 105°C (TJ)                             |
| On-Chip-RAM               | 384kB                                          |
| Nicht-flüchtiger Speicher | -                                              |
| Schnittstelle             | I²C, SCI, SSI                                  |
| Taktfrequenz              | 120MHz                                         |
