

## MP6400DJ-15-LF-P

|                         |                                         |
|-------------------------|-----------------------------------------|
| Hersteller-Teilenummer: | MP6400DJ-15-LF-P                        |
| Hersteller / Marke:     | Monolithic Power Systems Inc.           |
| Teil der Beschreibung:  | IC SUPERVISORY PWM                      |
| RoHs Status:            | Bleifrei / RoHS-konform                 |
| Lagerzustand:           | New original, 2601 pcs Stock Available. |
| Liefern von:            | Hong Kong                               |
| Versandweg:             | DHL/Fedex/TNT/UPS/EMS                   |

| Spezifikationen                   |                                                    |
|-----------------------------------|----------------------------------------------------|
| Artikelnummer                     | MP6400DJ-15-LF-P                                   |
| Hersteller                        | Monolithic Power Systems Inc.                      |
| Beschreibung                      | IC SUPERVISORY PWM                                 |
| Kategorie                         | Integrierte Schaltungen (ICs) > PMIC - Vorgesetzte |
| Teilstatus                        | 2601 pcs Stock                                     |
| Spannung - Schwellen              | 1.4V                                               |
| Art                               | Simple Reset/Power-On Reset                        |
| Supplier Device-Gehäuse           | TSOT-23-6                                          |
| Serie                             | -                                                  |
| Zurücksetzen Timeout              | Adjustable/Selectable                              |
| zurückstellen                     | Active Low                                         |
| Verpackung                        | Tape & Reel (TR)                                   |
| Verpackung / Gehäuse              | SOT-23-6 Thin, TSOT-23-6                           |
| Ausgabe                           | Open Drain or Open Collector                       |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                                  |
| Anzahl der überwachten Spannungen | 1                                                  |
| Befestigungsart                   | Surface Mount                                      |
