| Beschreibung                   | IC ADDRESSABLE LATCH 8BIT 16SOIC                       |
| Kategorie                      | Integrierte Schaltungen (ICs) > Logik - Verriegelungen |
| Teilstatus                     | 2882 pcs Stock                                         |
| Spannungsversorgung            | 2 V ~ 6 V                                              |
| Supplier Device-Gehäuse        | 16-SO                                                  |
| Serie                          | Automotive, AEC-Q100, 74HC                             |
| Verpackung                     | Tape & Reel (TR)                                       |
| Verpackung / Gehäuse           | 16-SOIC (0.154", 3.90mm Width)                         |
| Ausgabetyp                     | Standard                                               |
| Betriebstemperatur             | -40°C ~ 125°C                                          |
| Befestigungsart                | Surface Mount                                          |
| Logiktyp                       | D-Type, Addressable                                    |
| Unabhängige Schaltkreise       | 1                                                      |
| Verzögerungszeit - Ausbreitung | 15ns                                                   |
| Strom - hoch, niedrig          | 5.2mA, 5.2mA                                           |
| Schaltung                      | 1:8                                                    |
