| Hersteller                        | Power Integrations                                    |
| Beschreibung                      | IC OFFLINE SWITCH 20W 16ESOP                          |
| Kategorie                         | Integrierte Schaltungen (ICs) > PMIC - AC-DC-Wandler, |
| Teilstatus                        | 2660 pcs Stock                                        |
| Spannung - Versorgung (Vcc / Vdd) | -                                                     |
| Spannung - Durchschlag            | 650V                                                  |
| Topologie                         | Flyback, Secondary Side SR                            |
| Supplier Device-Gehäuse           | eSOP-R16B                                             |
| Serie                             | InnoSwitch™-CE                                        |
| Leistung (W)                      | 20W                                                   |
| Verpackung                        | Tube                                                  |
| Verpackung / Gehäuse              | 16-PowerSOIC (0.350", 8.89mm Width) 15 Leads          |
| Ausgangsisolierung                | Isolated                                              |
| Betriebstemperatur                | -40°C ~ 105°C (TA)                                    |
| Befestigungsart                   | Surface Mount                                         |
| Interne (r)                       | Yes                                                   |
| Frequenz - Umschaltung            | 100kHz                                                |
| Fehlerschutz                      | Over Temperature, Over Voltage                        |
| Auslastungsgrad                   | 60%                                                   |
| Kontrollfunktionen                | -                                                     |
