|-------------------------------------------|----------------------------------------------------|
| Artikelnummer                             | BD1HD500FVM-CTR                                    |
| Hersteller                                | LAPIS Semiconductor                                |
| Beschreibung                              | 1CH HIGH-SIDE SWITCH, 4-18V, 500                   |
| Kategorie                                 | Integrierte Schaltungen (ICs) > PMIC-Netzschalter, |
| Teilstatus                                | 2527 pcs Stock                                     |
| Spannung - Versorgung (Vcc / Vdd)         | 4 V ~ 18 V                                         |
| Spannung - Last                           | -                                                  |
| Schaltertyp                               | General Purpose                                    |
| Supplier Device-Gehäuse                   | 8-MSOP                                             |
| Serie                                     | Automotive, AEC-Q100                               |
| Rds On (Typ)                              | 500 mOhm                                           |
| Verhältnis - Eingang: Ausgang             | 1:1                                                |
| Verpackung                                | Tape & Reel (TR)                                   |
| Verpackung / Gehäuse                      | 8-VSSOP, 8-MSOP (0.110", 2.80mm Width)             |
| Ausgabetyp                                | P-Channel                                          |
| Ausgangskonfiguration                     | High Side                                          |
| Betriebstemperatur                        | -40°C ~ 150°C (TJ)                                 |
| Anzahl der Ausgänge                       | 1                                                  |
| Feuchtigkeitsempfindlichkeitsniveau (MSL) | 1 (Unlimited)                                      |
| Hersteller Standard Vorlaufzeit           | 11 Weeks                                           |
| Bleifreier Status / RoHS-Status           | Lead free / RoHS Compliant                         |
| Schnittstelle                             | -                                                  |
| Eingabetyp                                | CMOS                                               |
| Eigenschaften                             | -                                                  |
| Fehlerschutz                              | Over Current, Over Temperature, UVLO               |
| Strom - Ausgabe (max)                     | 3mA                                                |
