Spezifikationen

|                         |                                       |
|-------------------------|---------------------------------------|
| Teilenummer             | AMGP-6434-BLKG                        |
| Hersteller              | Avago Technologies (Broadcom Limited) |
| Beschreibung            | RF PWR AMP 31GHZ 4W                   |
| Kategorie               | RF / IF und RFID > HF-Verstärker      |
| Teilstatus              | 2500 pcs Stock                        |
| Spannungsversorgung     | 6V                                    |
| Testfrequenz            | 29.5GHz                               |
| Supplier Device-Gehäuse | -                                     |
| Serie                   | -                                     |
| HF-Typ                  | General Purpose                       |
| Verpackung              | Bulk                                  |
| Verpackung / Gehäuse    | 8-SMD                                 |
| P1dB                    | 35.8dBm                               |
| Rauschmaß               | -                                     |
| Gewinnen                | 23.3dB                                |
| Frequenz                | 28GHz ~ 31GHz                         |
| Strom - Versorgung      | -                                     |
