| Kategorie                        | Integrierte Schaltungen (ICs) > PMIC - Spannungsregler |
| Teilstatus                       | 2547 pcs Stock                                         |
| Spannung - Ausgang (Min / Fixed) | 2Vin, 3V                                               |
| Spannung - Ausgabe (max)         | -                                                      |
| Spannung - Eingang (min)         | 0.9V                                                   |
| Spannung - Eingang (Max)         | 1.8V                                                   |
| Topologie                        | Charge Pump                                            |
| Synchrone Gleichrichter          | No                                                     |
| Supplier Device-Gehäuse          | 10-VSSOP                                               |
| Serie                            | -                                                      |
| Verpackung                       | Tube                                                   |
| Verpackung / Gehäuse             | 10-TFSOP, 10-MSOP (0.118", 3.00mm Width)               |
| Ausgabebetyp                     | Fixed                                                  |
| Ausgangskonfiguration            | Positive                                               |
| Betriebstemperatur               | -40°C ~ 125°C (TJ)                                     |
| Anzahl der Ausgänge              | 2                                                      |
| Befestigungsart                  | Surface Mount                                          |
| Funktion                         | Ratiometric, Step-Up                                   |
| Frequenz - Umschaltung           | 700kHz                                                 |
| Strom - Ausgabe                  | 40mA, 20mA                                             |
