| Kategorie                              | Integrierte Schaltungen (ICs) > Linear - Verstärker - |
| Teilstatus                             | 2601 pcs Stock                                        |
| Spannungsversorgung, Single / Dual (±) | 2.2 V ~ 36 V, ±1.35 V ~ 18 V                          |
| Spannung - Eingangs-Offset             | 50µV                                                  |
| Supplier Device-Gehäuse                | 8-MSOP                                                |
| Slew Rate                              | 0.6 V/µs                                              |
| Serie                                  | -                                                     |
| Verpackung                             | Tape & Reel (TR)                                      |
| Verpackung / Gehäuse                   | 8-TSSOP, 8-MSOP (0.118", 3.00mm Width)                |
| Ausgabetyp                             | Rail-to-Rail                                          |
| Betriebstemperatur                     | -40°C ~ 125°C                                         |
| Zahl der Schaltkreise                  | 1                                                     |
| Befestigungsart                        | Surface Mount                                         |
| Strom - Versorgung                     | 350µA                                                 |
| Strom - Ausgang / Kanal                | 13mA                                                  |
| Strom - Eingangsruhe                   | 20nA                                                  |
| Verstärkertyp                          | Instrumentation                                       |
| -3db Bandbreite                        | 1.5MHz                                                |
