| Teilenummer                       | PIC12F635T-I/SN                               |
| Hersteller                        | Micrel / Microchip Technology                 |
| Beschreibung                      | IC MCU 8BIT 1.75KB FLASH 8SOIC                |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 19944 pcs Stock                               |
| Spannung - Versorgung (Vcc / Vdd) | 2 V ~ 5.5 V                                   |
| Supplier Device-Gehäuse           | 8-SOIC                                        |
| Geschwindigkeit                   | 20MHz                                         |
| Serie                             | PIC® 12F                                      |
| RAM-Größe                         | 64 x 8                                        |
| Programmspeichertyp               | FLASH                                         |
| Programmspeichergröße             | 1.75KB (1K x 14)                              |
| Peripherals                       | Brown-out Detect/Reset, POR, WDT              |
| Verpackung                        | Tape & Reel (TR)                              |
| Verpackung / Gehäuse              | 8-SOIC (0.154", 3.90mm Width)                 |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                             |
| Anzahl der E / A                  | 5                                             |
| EEPROM Größe                      | 128 x 8                                       |
| Datenwandler                      | -                                             |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | PIC                                           |
| Connectivity                      | -                                             |
