| Beschreibung                      | IC MCU 8BIT 12KB FLASH 40DIP                  |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2558 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 2.7 V ~ 6 V                                   |
| Supplier Device-Gehäuse           | 40-PDIP                                       |
| Geschwindigkeit                   | 12MHz                                         |
| Serie                             | 89LS                                          |
| RAM-Größe                         | 256 x 8                                       |
| Programmspeichertyp               | FLASH                                         |
| Programmspeichergröße             | 12KB (12K x 8)                                |
| Peripherals                       | POR, WDT                                      |
| Verpackung                        | Tube                                          |
| Verpackung / Gehäuse              | 40-DIP (0.600", 15.24mm)                      |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                             |
| Anzahl der E / A                  | 32                                            |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | -                                             |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | 8051                                          |
| Connectivity                      | SPI, UART/USART                               |
