| Spezifikationen         |                                                     |
|-------------------------|-----------------------------------------------------|
| Artikelnummer           | CS44800-CQZ                                         |
| Hersteller              | Cirrus Logic                                        |
| Beschreibung            | IC AMP CTRL DGTL 8CH 64LQFP                         |
| Kategorie               | Integrierte Schaltungen (ICs) > Audio Spezial-Zweck |
| Teilstatus              | 2687 pcs Stock                                      |
| Spannungsversorgung     | 2.5 V ~ 5 V                                         |
| Supplier Device-Gehäuse | 64-LQFP (10x10)                                     |
| Technische Daten        | Class D                                             |
| Serie                   | -                                                   |
| Verpackung              | Tube                                                |
| Verpackung / Gehäuse    | 64-LQFP                                             |
| Betriebstemperatur      | -10°C ~ 70°C (TA)                                   |
| Anzahl der Kanäle       | 8                                                   |
| Schnittstelle           | I²C, SPI                                            |
| Funktion                | Fully Integrated Processor                          |
| Anwendungen             | Pre-Amplifier                                       |
|                         |                                                     |
