| Beschreibung                      | IC MCU 32BIT 1MB FLASH 100LQFP                     |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet -      |
| Teilstatus                        | 5466 pcs Stock                                     |
| Spannung - Versorgung (Vcc / Vdd) | 1.8 V ~ 3.6 V                                      |
| Supplier Device-Gehäuse           | 100-LQFP (14x14)                                   |
| Geschwindigkeit                   | 120MHz                                             |
| Serie                             | STM32 F2                                           |
| RAM-Größe                         | 132K x 8                                           |
| Programmspeichertyp               | FLASH                                              |
| Programmspeichergröße             | 1MB (1M x 8)                                       |
| Peripherals                       | Brown-out Detect/Reset, DMA, I²S, LCD, POR, PWM,   |
| Verpackung                        | Tray                                               |
| Verpackung / Gehäuse              | 100-LQFP                                           |
| Oszillatortyp                     | Internal                                           |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                                  |
| Anzahl der E / A                  | 82                                                 |
| EEPROM Größe                      | -                                                  |
| Datenwandler                      | A/D 16x12b; D/A 2x12b                              |
| Kerngröße                         | 32-Bit                                             |
| Core-Prozessor                    | ARM® Cortex®-M3                                    |
| Connectivity                      | CAN, I²C, IrDA, LIN, MMC, SPI, UART/USART, USB OTG |
|                                   |                                                    |
