| Beschreibung                 | IC REG LDO 6.3V 0.8A TO220-4                          |
| Kategorie                    | Integrierte Schaltungen (ICs) > PMIC-Spannungsregler- |
| Teilstatus                   | 2508 pcs Stock                                        |
| Spannung - Ausgabe           | 6.3V                                                  |
| Spannung - Eingang           | Up to 20V                                             |
| Spannung - Aussetz (typisch) | -                                                     |
| Supplier Device-Gehäuse      | TO-220-4                                              |
| Serie                        | -                                                     |
| Reglertopologie              | Positive Fixed                                        |
| Verpackung                   | Tube                                                  |
| Verpackung / Gehäuse         | TO-220-4                                              |
| Betriebstemperatur           | -20°C ~ 80°C                                          |
| Anzahl der Regler            | 1                                                     |
| Befestigungsart              | Through Hole                                          |
| Strom - Ausgabe              | 800mA                                                 |
| Strom - Grenze (min)         | -                                                     |
