| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 3286 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 2 V ~ 3.6 V                                   |
| Supplier Device-Gehäuse           | 80-TQFP (12x12)                               |
| Geschwindigkeit                   | 48MHz                                         |
| Serie                             | PIC® 18J                                      |
| RAM-Größe                         | 3.8K x 8                                      |
| Programmspeichertyp               | FLASH                                         |
| Programmspeichergröße             | 64KB (32K x 16)                               |
| Peripherals                       | Brown-out Detect/Reset, LVD, POR, PWM, WDT    |
| Verpackung                        | Tray                                          |
| Verpackung / Gehäuse              | 80-TQFP                                       |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                             |
| Anzahl der E / A                  | 65                                            |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | A/D 12x10b                                    |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | PIC                                           |
| Connectivity                      | EBI/EMI, I²C, SPI, UART/USART, USB            |
