| Teilenummer                       | PIC12CE673-10/P                               |
| Hersteller                        | Micrel / Microchip Technology                 |
| Beschreibung                      | IC MCU 8BIT 1.75KB OTP 8DIP                   |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2561 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 3 V ~ 5.5 V                                   |
| Supplier Device-Gehäuse           | 8-PDIP                                        |
| Geschwindigkeit                   | 10MHz                                         |
| Serie                             | PIC® 12C                                      |
| RAM-Größe                         | 128 x 8                                       |
| Programmspeichertyp               | OTP                                           |
| Programmspeichergröße             | 1.75KB (1K x 14)                              |
| Peripherals                       | POR, WDT                                      |
| Verpackung                        | Tube                                          |
| Verpackung / Gehäuse              | 8-DIP (0.300", 7.62mm)                        |
| Oszillatortyp                     | Internal                                      |
| Betriebstemperatur                | 0°C ~ 70°C (TA)                               |
| Anzahl der E / A                  | 5                                             |
| EEPROM Größe                      | 16 x 8                                        |
| Datenwandler                      | A/D 4x8b                                      |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | PIC                                           |
| Connectivity                      | -                                             |
