| Hersteller                        | Micrel / Microchip Technology                   |
| Beschreibung                      | IC MCU 32BIT 256KB FLASH 28SDIP                 |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet -   |
| Teilstatus                        | 2547 pcs Stock                                  |
| Spannung - Versorgung (Vcc / Vdd) | 2.3 V ~ 3.6 V                                   |
| Supplier Device-Gehäuse           | 28-SPDIP                                        |
| Geschwindigkeit                   | 40MHz                                           |
| Serie                             | PIC® 32MX                                       |
| RAM-Größe                         | 16K x 8                                         |
| Programmspeichertyp               | FLASH                                           |
| Programmspeichergröße             | 256KB (256K x 8)                                |
| Peripherals                       | Brown-out Detect/Reset, DMA, I²S, POR, PWM, WDT |
| Verpackung                        | Tube                                            |
| Verpackung / Gehäuse              | 28-DIP (0.300", 7.62mm)                         |
| Oszillatortyp                     | Internal                                        |
| Betriebstemperatur                | -40°C ~ 85°C (TA)                               |
| Anzahl der E / A                  | 21                                              |
| EEPROM Größe                      | -                                               |
| Datenwandler                      | A/D 10x10b                                      |
| Kerngröße                         | 32-Bit                                          |
| Core-Prozessor                    | MIPS32® M4K™                                    |
| Connectivity                      | I²C, IrDA, LIN, PMP, SPI, UART/USART            |
