| Kategorie                                     | Isolatoren > Isolatoren-Gate Drivers  |
| Teilstatus                                    | 2673 pcs Stock                        |
| Spannungsversorgung                           | 15 V ~ 30 V                           |
| Spannung - Isolation                          | 5000Vrms                              |
| Spannung - Vorwärts (Vf) (Typ)                | 1.56V                                 |
| Technologie                                   | Optical Coupling                      |
| Supplier Device-Gehäuse                       | 6-SDIP Gull Wing                      |
| Serie                                         | -                                     |
| Aufstieg / Fallzeit (Typ)                     | 40ns, 40ns                            |
| Pulsbreite Verzerrung (Max)                   | 75ns                                  |
| Ausbreitungsverzögerung tpLH / tpHL (Max)     | 175ns, 175ns                          |
| Verpackung                                    | Cut Strip                             |
| Verpackung / Gehäuse                          | 6-SOIC (0.268", 6.80mm Width)         |
| Betriebstemperatur                            | -40°C ~ 125°C                         |
| Anzahl der Kanäle                             | 1                                     |
| Befestigungsart                               | Surface Mount                         |
| Strom - Spitzenausgang                        | 2.5A                                  |
| Strom - hoch, niedrig                         | 2A, 2A                                |
| Strom - DC Vorwärts (If) (Max)                | 25mA                                  |
| Gattungsmodus vorübergehende Immunität (min.) | 50kV/µs                               |
| Zulassungen                                   | CSA, SEMKO, UL                        |
