| Teilstatus                                    | 7149 pcs Stock                             |
| Spannungsversorgung                           | 4.5 V ~ 5.5 V                              |
| Spannung - Isolation                          | 5000Vrms                                   |
| Spannung - Vorwärts (Vf) (Typ)                | 1.56V                                      |
| Supplier Device-Gehäuse                       | 6-SDIP Gull Wing                           |
| Serie                                         | NEPOC                                      |
| Aufstieg / Fallzeit (Typ)                     | 20ns, 5ns                                  |
| Ausbreitungsverzögerung tpLH / tpHL (Max)     | 75ns, 75ns                                 |
| Verpackung                                    | Cut Strip                                  |
| Verpackung / Gehäuse                          | 6-SOIC (0.268", 6.80mm Width)              |
| Ausgabetyp                                    | Open Collector                             |
| Betriebstemperatur                            | -40°C ~ 85°C                               |
| Anzahl der Kanäle                             | 1                                          |
| Befestigungsart                               | Surface Mount                              |
| Eingänge - Seite 1 / Seite 2                  | 1/0                                        |
| Eingabetyp                                    | DC                                         |
| Datenrate                                     | 10Mbps                                     |
| Strom - Ausgang / Kanal                       | 25mA                                       |
| Strom - DC Vorwärts (If) (Max)                | 30mA                                       |
| Gattungsmodus vorübergehende Immunität (min.) | 15kV/µs                                    |
