MB90F342ASPMC-GE1

Hersteller-Teilenummer:

MB90F342ASPMC-GE1

Hersteller / Marke:

Cypress Semiconductor

Teil der Beschreibung:

IC MCU 16BIT 256KB FLASH 100LQFP

RoHs Status:

Bleifrei / RoHS-konform

Lagerzustand:

New original, 2555 pcs Stock Available.

Liefern von:

Hong Kong

Versandweg:

DHL/Fedex/TNT/UPS/EMS

| Spezifikationen                           |                                                                              |

| Beschreibung                              | IC MCU 16BIT 256KB FLASH 100LQFP                                             |
| Kategorie                                 | Integrierte Schaltungen (ICs) > Eingebettet -                                |
| Teilstatus                                | 2555 pcs Stock                                                               |
| Spannung - Versorgung (Vcc / Vdd)         | 3.5 V ~ 5.5 V                                                                |
| Supplier Device-Gehäuse                   | 100-LQFP (14x14)                                                             |
| Geschwindigkeit                           | 24MHz                                                                        |
| Serie                                     | F <sup>2</sup> MC-16LX MB90340                                               |
| RAM-Größe                                 | 16K x 8                                                                      |
| Programmspeichertyp                       | FLASH                                                                        |
| Programmspeichergröße                     | 256KB (256K x 8)                                                             |
| Peripherals                               | DMA, POR, WDT                                                                |
| Verpackung                                | Tray                                                                         |
| Verpackung / Gehäuse                      | 100-LQFP                                                                     |
| Oszillatortyp                             | External                                                                     |
| Betriebstemperatur                        | -40°C ~ 105°C (TA)                                                           |
| Anzahl der E / A                          | 82                                                                           |
| Feuchtigkeitsempfindlichkeitsniveau (MSL) | 3 (168 Hours)                                                                |
| Hersteller Standard Vorlaufzeit           | 21 Weeks                                                                     |
| Bleifreier Status / RoHS-Status           | Lead free / RoHS Compliant                                                   |
| EEPROM Größe                              | -                                                                            |
| detaillierte Beschreibung                 | F <sup>2</sup> MC-16LX F <sup>2</sup> MC-16LX MB90340 Microcontroller IC 16- |
| Datenwandler                              | A/D 16x8/10b                                                                 |
| Kerngröße                                 | 16-Bit                                                                       |
| Core-Prozessor                            | F <sup>2</sup> MC-16LX                                                       |
| Connectivity                              | CANbus, EBI/EMI, LINbus, SCI, UART/USART                                     |
