STD3N95K5AG

Hersteller-Teilenummer:

STD3N95K5AG

Hersteller / Marke:

N/A

Teil der Beschreibung:

MOSFET

RoHs Status:

Lagerzustand:

New original, 2536 pcs Stock Available.

Liefern von:

Hong Kong

Versandweg:

DHL/Fedex/TNT/UPS/EMS

| Spezifikationen                                  |                                                    |
|--------------------------------------------------|----------------------------------------------------|
| Artikelnummer                                    | STD3N95K5AG                                        |

| Kategorie                                        | Diskrete Halbleiterprodukte > Transistoren-FETs,   |
| Teilstatus                                       | 2536 pcs Stock                                     |
| VGS (th) (Max) @ Id                              | 5V @ 100μA                                         |
| Vgs (Max)                                        | ±30V                                               |
| Technologie                                      | MOSFET (Metal Oxide)                               |
| Supplier Device-Gehäuse                          | DPAK                                               |
| Serie                                            | Automotive, AEC-Q101, MDmesh™ K5                   |
| Rds On (Max) @ Id, Vgs                           | 5 Ohm @ 1A, 10V                                    |
| Verlustleistung (max)                            | 45W (Tc)                                           |
| Verpackung                                       | Tape & Reel (TR)                                   |
| Verpackung / Gehäuse                             | TO-252-3, DPak (2 Leads + Tab), SC-63              |
| Betriebstemperatur                               | -55°C ~ 150°C (TJ)                                 |
| Befestigungsart                                  | Surface Mount                                      |
| Eingabekapazität (Ciss) (Max) @ Vds              | 105pF @ 100V                                       |
| Gate Charge (Qg) (Max) @ Vgs                     | 3.4nC @ 10V                                        |
| Typ FET                                          | N-Channel                                          |
| FET-Merkmal                                      | -                                                  |
| Antriebsspannung (Max Rds On, Min Rds On)        | 10V                                                |
| Drain-Source-Spannung (Vdss)                     | 950V                                               |
| detaillierte Beschreibung                        | N-Channel 950V 2A (Tc) 45W (Tc) Surface Mount DPAK |
| Strom - Ununterbrochener Abfluss (Id) bei 25 ° C | 2A (Tc)                                            |
