|----------------------------------------|------------------------------------------------------|
| Teilenummer                            | TSM972CSA+                                           |
| Hersteller                             | Energy Micro (Silicon Labs)                          |
| Beschreibung                           | IC COMPARATOR DUAL O-D 8SOIC                         |
| Kategorie                              | Integrierte Schaltungen (ICs) > Linear - Vergleicher |
| Teilstatus                             | 2632 pcs Stock                                       |
| Spannungsversorgung, Single / Dual (±) | 2.5 V ~ 11 V, ±1.25 V ~ 5.5 V                        |
| Spannung - Eingangs-Offset (Max)       | 10mV @ 2.5V                                          |
| Art                                    | General Purpose                                      |
| Supplier Device-Gehäuse                | 8-SOIC                                               |
| Serie                                  | TSM97x                                               |
| Propagation Delay (Max)                | 12µs                                                 |
| Verpackung                             | Tube                                                 |
| Verpackung / Gehäuse                   | 8-SOIC (0.154", 3.90mm Width)                        |
| Ausgabetyp                             | CMOS, TTL                                            |
| Betriebstemperatur                     | 0°C ~ 70°C                                           |
| Anzahl der Elemente                    | 2                                                    |
| Befestigungsart                        | Surface Mount                                        |
| Hysterese                              | 50mV                                                 |
| Strom - Ruhende (Max)                  | 4µA                                                  |
| Strom - Ausgabe (Typ)                  | 40mA                                                 |
| Strom - Eingangsruhe (Max)             | 0.005µA @ 2.5V                                       |
| CMRR, PSRR (Typ)                       | 67dB CMRR, 67dB PSRR                                 |
