| Beschreibung            | RF TXRX MODULE CELLULAR U.FL ANT         |
| Kategorie               | RF / IF und RFID > RF Transceiver Module |
| Teilstatus              | 2597 pcs Stock                           |
| Spannungsversorgung     | 5V                                       |
| Serie                   | SocketModem® Cell                        |
| Serielle Schnittstellen | UART                                     |
| Empfindlichkeit         | -                                        |
| RF Familie / Standard   | Cellular                                 |
| Protokoll               | CDMA                                     |
| Leistung                | -                                        |
| Verpackung              | Tray                                     |
| Verpackung / Gehäuse    | Module                                   |
| Betriebstemperatur      | -30°C ~ 70°C                             |
| Befestigungsart         | Through Hole                             |
| Modulation              | -                                        |
| Speichergröße           | -                                        |
| Frequenz                | 800MHz, 1.9GHz                           |
| Datenrate               | 153.6kbps                                |
| Strom - senden          | 585mA                                    |
| Strom - empfangen       | 585mA                                    |
| Antennentyp             | Not Included, U.FL                       |
