| Beschreibung                      | IC MCU 8BIT 3.5KB OTP 28SSOP                  |
| Kategorie                         | Integrierte Schaltungen (ICs) > Eingebettet - |
| Teilstatus                        | 2582 pcs Stock                                |
| Spannung - Versorgung (Vcc / Vdd) | 2.5 V ~ 6 V                                   |
| Supplier Device-Gehäuse           | 28-SSOP                                       |
| Geschwindigkeit                   | 4MHz                                          |
| Serie                             | PIC® 16C                                      |
| RAM-Größe                         | 128 x 8                                       |
| Programmspeichertyp               | OTP                                           |
| Programmspeichergröße             | 3.5KB (2K x 14)                               |
| Peripherals                       | Brown-out Detect/Reset, POR, PWM, WDT         |
| Verpackung                        | Tape & Reel (TR)                              |
| Verpackung / Gehäuse              | 28-SSOP (0.209", 5.30mm Width)                |
| Oszillatortyp                     | External                                      |
| Betriebstemperatur                | 0°C ~ 70°C (TA)                               |
| Anzahl der E / A                  | 22                                            |
| EEPROM Größe                      | -                                             |
| Datenwandler                      | -                                             |
| Kerngröße                         | 8-Bit                                         |
| Core-Prozessor                    | PIC                                           |
| Connectivity                      | I²C, SPI                                      |
