| Hersteller                             | Apex Microtechnology                                  |
| Beschreibung                           | IC OPAMP POWER 1.4MHZ TO3-8                           |
| Kategorie                              | Integrierte Schaltungen (ICs) > Linear - Verstärker - |
| Teilstatus                             | 2537 pcs Stock                                        |
| Spannungsversorgung, Single / Dual (±) | 5 V ~ 40 V, ±2.5 V ~ 20 V                             |
| Spannung - Eingangs-Offset             | 1.5mV                                                 |
| Supplier Device-Gehäuse                | TO-3-8                                                |
| Slew Rate                              | 1.4 V/µs                                              |
| Serie                                  | Apex Precision Power®                                 |
| Verpackung                             | Tube                                                  |
| Verpackung / Gehäuse                   | TO-3-8                                                |
| Ausgabetyp                             | -                                                     |
| Betriebstemperatur                     | -25°C ~ 85°C                                          |
| Zahl der Schaltkreise                  | 2                                                     |
| Befestigungsart                        | Through Hole                                          |
| Verstärkungsbandbreitenprodukt         | 1.4MHz                                                |
| Strom - Versorgung                     | 18mA                                                  |
| Strom - Ausgang / Kanal                | 2.5A                                                  |
| Strom - Eingangsruhe                   | 100nA                                                 |
| Verstärkertyp                          | Power                                                 |
| -3db Bandbreite                        | -                                                     |
