Spezifikationen

|                         |                                       |
|-------------------------|---------------------------------------|
| Teilenummer             | MGA-81563-TR1                         |
| Hersteller              | Avago Technologies (Broadcom Limited) |
| Beschreibung            | IC AMP MMIC GAAS 3V SOT-363           |
| Kategorie               | RF / IF und RFID > HF-Verstärker      |
| Teilstatus              | 1960 pcs Stock                        |
| Spannungsversorgung     | 2.7 V ~ 3.3 V                         |
| Testfrequenz            | 2GHz                                  |
| Supplier Device-Gehäuse | SOT-363, SC70                         |
| Serie                   | -                                     |
| HF-Typ                  | PCS, PHS, ISM, SATCOM, WLL            |
| Verpackung              | Tape & Reel (TR)                      |
| Verpackung / Gehäuse    | 6-TSSOP, SC-88, SOT-363               |
| P1dB                    | 14.8dBm (30.2mW)                      |
| Rauschmaß               | 2.8dB                                 |
| Gewinnen                | 12.4dB                                |
| Frequenz                | 100MHz ~ 6GHz                         |
| Strom - Versorgung      | 51mA                                  |
