|                                               |                                                     |
|-----------------------------------------------|-----------------------------------------------------|
| Artikelnummer                                 | HCT700TX                                            |
| Hersteller                                    | Optek Technology / TT Electronics                   |
| Beschreibung                                  | TRANS NPN/PNP 50V/60V SMT                           |
| Kategorie                                     | Diskrete Halbleiterprodukte > Transistoren-bipolare |
| Teilstatus                                    | 2580 pcs Stock                                      |
| Spannung - Kollektor-Emitter-Durchbruch (max) | 50V, 60V                                            |
| VCE Sättigung (Max) @ Ib, Ic                  | 1V @ 50mA, 500mA                                    |
| Transistor-Typ                                | NPN, PNP                                            |
| Serie                                         | -                                                   |
| Leistung - max                                | 400mW                                               |
| Verpackung                                    | Tray                                                |
| Verpackung / Gehäuse                          | 6-SMD, No Lead                                      |
| Betriebstemperatur                            | -                                                   |
| Befestigungsart                               | Surface Mount                                       |
| Frequenz - Übergang                           | -                                                   |
| DC Stromgewinn (HFE) (Min) @ Ic, VCE          | 75 @ 1mA, 10V                                       |
| Strom - Collector Cutoff (Max)                | 10nA (ICBO)                                         |
| Strom - Kollektor (Ic) (max)                  | 800mA, 600mA                                        |
