|--------------------------|---------------------------------------------------|
| Artikelnummer            | SS-5-1.6A-AP                                      |
| Hersteller               | Bussmann (Eaton)                                  |
| Beschreibung             | FUSE BRD MNT 1.6A 250VAC RADIAL                   |
| Kategorie                | Schaltkreisschutz > Sicherungen                   |
| Teilstatus               | 2501 pcs Stock                                    |
| Nennspannung - DC        | -                                                 |
| Nennspannung - AC        | 250V                                              |
| Größe / Dimension        | 0.335" L x 0.169" W x 0.329" H (8.50mm x 4.30mm x |
| Serie                    | SS-5                                              |
| Reaktionszeit            | Slow                                              |
| Verpackung               | Tape & Box (TB)                                   |
| Verpackung / Gehäuse     | Radial, Box                                       |
| Betriebstemperatur       | -40°C ~ 125°C                                     |
| Befestigungsart          | Through Hole                                      |
| Schmelzen I²t            | 23                                                |
| Sicherungstyp            | Board Mount (Cartridge Style Excluded)            |
| DC-Kaltwiderstand        | 0.041 Ohm                                         |
| Aktuelle Bewertung       | 1.6A                                              |
| Farbe                    | -                                                 |
| Brechen bei Nennspannung | 35A                                               |
| Zulassungen              | CQC, cULus, EK-MARK, SEMKO, VDE                   |
