## CD74HCT10M

|                         |                                         |
|-------------------------|-----------------------------------------|
| Hersteller-Teilenummer: | CD74HCT10M                              |
| Hersteller / Marke:     | N/A                                     |
| Teil der Beschreibung:  | IC GATE NAND 3CH 3-INP 14-SOIC          |
| RoHs Status:            | Bleifrei / RoHS-konform                 |
| Lagerzustand:           | New original, 2587 pcs Stock Available. |
| Liefern von:            | Hong Kong                               |
| Versandweg:             | DHL/Fedex/TNT/UPS/EMS                   |

See specs for product details.

| Spezifikationen                   |                                                    |
|-----------------------------------|----------------------------------------------------|
| Artikelnummer                     | CD74HCT10M                                         |
| Hersteller                        | N/A                                                |
| Beschreibung                      | IC GATE NAND 3CH 3-INP 14-SOIC                     |
| Kategorie                         | Integrierte Schaltungen (ICs) > Logik - Gatter und |
| Teilstatus                        | 2587 pcs Stock                                     |
| Spannungsversorgung               | 4.5 V ~ 5.5 V                                      |
| Supplier Device-Gehäuse           | 14-SOIC                                            |
| Serie                             | 74HCT                                              |
| Verpackung                        | Tube                                               |
| Verpackung / Gehäuse              | 14-SOIC (0.154", 3.90mm Width)                     |
| Betriebstemperatur                | -55°C ~ 125°C                                      |
| Anzahl der Eingänge               | 3                                                  |
| Zahl der Schaltkreise             | 3                                                  |
| Befestigungsart                   | Surface Mount                                      |
| Max Propagation Delay @ V, Max CL | 24ns @ 4.5V, 50pF                                  |
| Logiktyp                          | NAND Gate                                          |
| Logikpegel - Low                  | 0.8V                                               |
| Logikpegel - Hohe                 | 2V                                                 |
| Eigenschaften                     | -                                                  |
| Strom - Ruhende (Max)             | 2µA                                                |
| Strom - hoch, niedrig             | 4mA, 4mA                                           |
