Spezifikationen

|                         |                                                        |
|-------------------------|--------------------------------------------------------|
| Artikelnummer           | AT17C512-10JC                                          |
| Hersteller              | Micrel / Microchip Technology                          |
| Beschreibung            | IC SER CONFIG PROM 512K 20PLCC                         |
| Kategorie               | Integrierte Schaltungen (ICs) > Memory-Konfigurations- |
| Teilstatus              | 349 pcs Stock                                          |
| Spannungsversorgung     | 4.75 V ~ 5.25 V                                        |
| Supplier Device-Gehäuse | 20-PLCC (9x9)                                          |
| Serie                   | -                                                      |
| Programmierbarer Typ    | Serial EEPROM                                          |
| Verpackung              | Tube                                                   |
| Verpackung / Gehäuse    | 20-LCC (J-Lead)                                        |
| Betriebstemperatur      | 0°C ~ 70°C                                             |
| Speichergröße           | 512kb                                                  |
