| Hersteller                     | N/A                                              |
| Beschreibung                   | IC ADC 10BIT 3MSPS TSOT23-6                      |
| Kategorie                      | Integrierte Schaltungen (ICs) > Datenerfassung - |
| Teilstatus                     | 1366 pcs Stock                                   |
| Spannung - Versorgung, digital | 2.35 V ~ 3.6 V                                   |
| Spannung - Versorgung, analog  | 2.35 V ~ 3.6 V                                   |
| Supplier Device-Gehäuse        | TSOT-23-6                                        |
| Serie                          | -                                                |
| Abtastrate (pro Sekunde)       | 3M                                               |
| Referenztyp                    | Supply                                           |
| Verhältnis - S / H: ADC        | 1:1                                              |
| Verpackung                     | Tape & Reel (TR)                                 |
| Verpackung / Gehäuse           | SOT-23-6 Thin, TSOT-23-6                         |
| Betriebstemperatur             | -40°C ~ 125°C                                    |
| Anzahl der Eingänge            | 1                                                |
| Anzahl der Bits                | 10                                               |
| Anzahl der A / D-Wandler       | 1                                                |
| Eingabetyp                     | Single Ended                                     |
| Eigenschaften                  | -                                                |
| Data Interface                 | SPI, DSP                                         |
| Konfiguration                  | S/H-ADC                                          |
| Die Architektur                | SAR                                              |
